Policy Document on the Green Campus

Green Campus: Green campus is a concept to build sustainable living practices that are environmental-friendly in educational institution. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

The Green Campus Policy: The Green Campus Policy of the institute envisions a Clean and Green Campus where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus and beyond the campus.

Objectives:

- To sensitize the students and the staff to minimize the use of polluting products and use environment-friendly products.
- To create awareness about environmental issues by organizing various events like tree plantation drive, seminar, guest lecture, cleanliness drives etc.
- To make the institute plastic free campus.
- To continuously improve the efficient use of all resources including energy and water.
- To work with all stakeholders and the local community to create awareness and seek the adoption of environmental good practice and the reduction of any adverse effects on the environment.

Initiatives to implement The Green Campus Policy:

- Landscaping the institute premises with trees and plants
- Ban on single-use plastic
- Installation of solar panel in the institute premises
- Use of LED Bulbs/Tubes and Power Efficient Equipments
- Waste management
- E-waste management
- Water management
- Display boards in the institute premises to promote environmental sensibility
- Organizing tree plantation drives
